Dear Krzysztof,

I wanted to take a moment to tell you thanks for all the hard work and advice you lent to me through yourself and your staff during our last assignment in Warsaw, last week. I want to especially thank you for the personal interest you gave to this assignment. You made me feel like you were looking out for the success of this job twenty four hours a day.

Krzysztof, a phrase often used is, "I can not say enough about this individual," well in this case it is absolutely true about your Security Coordinator, Mr. Michal Mozanski. Michal, a very nice, capable and caring person, and true professional, provided security, transportation, logistical coordination, scheduling, and anything else I needed (sometimes at the last minute), before and during our client's visit to Warsaw. More than 250 of our client's employees stayed for about three days in Warsaw, and Michal and your local team did a wonderful job, and made me look great in front of the client's senior corporate officers. They were, and I was very happy that everything went smoothly and exactly as requested – and you know how difficult it can be to carry out a large Executive Protection operation totally invisible for those who need protection.

I really could go on and on about how much your team meant to the success in this assignment, from the logistics to the taking care of the smallest details, your company excelled at every phase. I will not hesitate to retain your services again, and it is my pleasure to give to you my wholehearted endorsement.

Sincerely,

Harm J. Oosten, CPP
